### Format –

Team will split into two, 2-person sub-teams. Each sub-team will play a partners scramble for six holes. Teams record the one best score from the two sub-teams for each hole. After the six holes, the sub-teams will switch partners to form two new sub-teams for the next six holes. Finally, players will switch partners one more time and play the last six holes using the same format. Players should change partners so they play with a different person for each six holes. The strategy comes into play in deciding which players are paired for which six-hole stretch!
